Select 'TRI Search'

Select Facility identification.

Add 'Facility identification option value' as KBP. Select 'containing'

Facility Selection

Facility Identification:

Facility Name (Enter a partial or complete Facility Name) ▼

Facility Identification Option Value:

kbp

☐ Beginning With ☐ Exact Match ☒ Containing

Scroll to 'Geography Search' and include CO (for Colorado)

Geography Search

Enter a partial value for any geography option except for the state value. For city and county, you must enter the state value. We strongly recommend that you enter a small geographical area to begin the search since Envirofacts contains a large number of facilities.

ZIP Code:

Address:

☒ Beginning With ☐ Exact Match ☐ Containing

City:

Select 'Total Forms' to find all Form Rs reported for this facility, including years identified in request.

The facility reported to TRI for 1991 – 1998. The facility did not report to TRI from 1999-2003. The facility reported from 2004-2018.

By selecting 'Total Forms' a user can identify all forms reported to EPA for the TRI by an individual facility.

Facilities are required to report to TRI if TRI Reporting Criteria and thresholds are met.
